College of American Pathologists EQAS for Luminex Antibody Test in a Stand - Alone Accredited Indian Laboratory

Published On: November 30, 2016 | Pages: 022 - 023

Author(s): Mahendra Narain Mishra* and Vandana Lal

Luminex antibody detection, especially Luminex crossmatch is used frequently in India for pre transplant work up for patients with end stage renal disease. This test is often performed in lieu of single antigen bead assay in India due to its lower cost. We report on our experience with College of American Pathologist external proficiency test samples (CAP EQAS) for Lu ...

Brucellosis in Immunocompromised Hosts

Published On: May 26, 2016 | Pages: 001 - 021

Author(s): KA Al-Anazi* and AM Al-Jasser

Recently, the incidence of brucellosis in immunocompromised patients has increased due to the parallel increase in the number of individuals with low immunity such as cancer patients and recipients of stem cell and solid organ transplantation. Additionally, the immunity of pregnant females is reduced and this makes them more susceptible to infections by ...
