Overview of Lip Cancers at Fann University Hospital: From Epidemiology to Treatment

Published On: December 31, 2024 | Pages: 027 - 031

Author(s): Fall F*, Niang F, Mbaye A, Ndiaye M, Diom ES, Ndiaye C, Ndiaye M and Tall A

Introduction: Lip cancer is uncommon but not exceptional among malignant tumors. The study aimed to describe the epidemiological, clinical, therapeutic, and prognostic aspects of malignant lip tumors treated in the ENT Department of the National University Hospital of Fann in Dakar, Senegal. Patients and methods: We conducted a retrospective and descriptive study in ...

Preoperative Ultrasound-guided Head and Neck Non-palpable Tumor Detection

Published On: October 15, 2024 | Pages: 024 - 026

Author(s): Guillaume Buiret1 and Tiphaine Vaché

Objective: Preoperative ultrasound-guided breast cancer detection was developed in the 1980s for non-palpable breast cancers. This technique was applied to neck surgery in 5 specific cases. Methods: Retrospective study to assess the efficacy and safety of this technique. Results: The mean surgical time was 35.2 ± 15.2 min. There were no complications of this percutaneous ...
