Study about the Effect of Total Flavonoids in Toothpaste on Bacteriostasis and Hemostasis

Published On: August 05, 2025 | Pages: 009 - 013

Author(s): Junyan Zou, Jingbo Tan, Qiuru Li, Weijia Zhang and Rongfan Wang*

This study is based on the extraction process of total flavonoids in traditional Chinese medicine compound, with ethanol concentration, extraction time and solid-liquid ratio as variables, three factors and three levels orthogonal experiments were conducted. We used the heat reflux extraction method to concentrate the extract. The total flavonoid content was determine ...
