Diet, Nutrition and Paediatric Asthma: Emerging Trends

Published On: July 08, 2025 | Pages: 001 - 007

Author(s): Ekpor Anyimah-Ackah*, Auswell Amfo-Antiri and Guy Eshun

Background: Childhood asthma keeps rising, and what lands on the dinner table may stoke or soothe young airways.

Understanding the dietary influences shaping this epidemic is both a public health priority and a culinary question.

Objective: This scoping review charts the past decade of research exploring how whole diets, individual nutrients, and body weight affect a ...
